Which multi-sport modules will the coaches access through the provincial/territorial delivery system?

None as Baseball Canada is integrating

Training Description:

All coaches are invited to go through the online module as a starting point. Once done, they will be able to register for the 2 available clinics (Teaching & Learning and Skill Analysis Modules). Coaches get in training status once online and those 2 modules completed. Coaches can now choose to register for one or several specialty clinics (infielding, outfielding, baserunning, hitting and pitching & catching). Completing one of them will grant Trained Status to coach.

Evaluation Description:

An innovative online portfolio has been developed in order to evaluate the different areas of expertise. MED online evaluation is also required to get certification as well as being observed during a lesson for each of the specialties.

Learning Facilitator & Evaluator Training:

Each province has a trained Master Learning Facilitator/Evaluator and enough Learning Facilitators/Evaluators have been trained across the country to meet the needs.
