Coaches have a profound impact on our children. They are mentors, motivators, and leaders. It’s a great responsibility and Canada’s 2,000,000 coaches embrace it with passion and incredible dedication.

It is that dedication that has motivated millions of coaches to get trained in their sport with Canada’s world renowned National Coaching Certification Program (NCCP).

The Canadian Soccer Association’s NCCP workshops will give you the confidence to succeed. When you take one of our workshops, you’ll not only gain sport-specific technical abilities, but also mentoring and decision-making skills that will enable you to make an immediate impact when you hit the field to coach.

Delivered throughout 750 communities, our workshops are dynamic and engaging, providing coaches with the confidence and tools to succeed!
